

The background of the slide is a dark, blue-tinted photograph of three people sitting around a table in a meeting. A woman with red hair and glasses is on the left, looking towards the center. A man with curly hair is in the middle, looking down at a laptop. A person with short dark hair is on the right, also looking down. The table has a laptop, a cup, and some papers. The overall mood is professional and collaborative.

HACKMAIT 3.0

Project Presentation

1.We all have had those days when we plan a trip or event and everything gets cancelled due to the bad/Unexpeted weather.

2.Especially in this modern age of globalization and global warming you can't predict the weather with your sixth sense right?

3.So to counter this problem we have come up with an ad-free and distraction-free clean UI weather application.

ABOUT THE PROJECT

TECHNOLOGY

It's a react based application(HTML + CSS +Js)

To gather information of weather from all around the world we are using the OpenWeatherApi
